Subject: Thanks for CCAMP Liaison

Dear Adrian and Kireeti,

Thank you for your response liaison of January 16<sup>th</sup> concerning the completion of modifications to RFC 3946. We appreciate your effort to keep us informed on activities of CCAMP that may impact OIF.

We have also noted with interest the new CCAMP milestones, especially on “signaling in support of Call Management”, “routing and signaling interoperability advice” and “ASON routing solutions”, and would welcome the opportunity to review CCAMP work in these areas.

Best regards,
